

Claim, Evidence, Reasoning

Use this template when designing your response to a prompt which requires you to support your claim with evidence.

What is your big question?

What do you already know about this topic?

What is your claim (what is your answer to the question?)

Evidence (from your data and/or research)

Evidence (from your data and/or research)

Evidence (from your data and/or research)

Reasoning: I found (describe your evidence), and this supports my claim that (restate your claim) because of (include information about what you learned and knew already).
